3 Discussion of Work needed to road & proposed actions

It was stated that first project was to clear the drainage channel
& to do do this a 'digger' would be required. Once the 'ditch' was
cleared of overgrowth & rubbish the road would dry up.
This included removing branches
The drivers of the machine would be BS & Steve Packham

SM

There was then a discussion on whether the road should be in
'plannings' or scalpings.
